

# FACE DETECTION & RECOGNITION SYSTEM

## MG 4W

## M-602

### MG 4W

### M-602

### Features

Face Capacity	10,000	3,000
Finger Capacity	30,000	10,000
Card Capacity	10,000	3,000
Log Capacity	2,00,000	2,00,000
LCD	4.3 Touch	2.4 TFT Coloured

World class high speed face identification technology with accurate fingerprint identification.  
 Machine also detects face in low light  
 Supremely Low Electric energy consumption  
 Automated time and attendance tracking

# Detailed Features

## Communication Interface

Communication WIFI, TCP/IP, RS 232/485, USB

## Biometric

Push Data 12.25

GPS Optional

Printer Yes ( Optional )

Sensor Type 500 DPI

FAR 0.00001%

FRR 0.001%

Processor 1 GHZ

OS Linux

Verification <=01 Second

Voice 16 Bit Hifi Voice

Language English

## Access Control

Wiegand In & Out Yes

Relay Yes

Machine Firmware & Software  
Is Compatible With NIC Server

## Power/Environment

Battery Yes ( Optional )

Operating Temp 0°C 50°C

Power 12v dc /2a

Dimension 195\*150\*100 MM

Auto Focus

Low Light Verification

Long Distance Verification

Accepts Color Finger

Time Attendance

Access Control

Mobile Application

Employee Self Service
